Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Friday 01 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Breezy with persistent rain arriving Saturday.

This Evening and Tonight:
Scattered showers and clear spells Friday evening. Cloud building through the night and showers merging into longer spells of rain, heavy at times, mainly in the north through early Saturday morning. Strong and blustery winds along the coast. Minimum temperature 7 deg C (45 deg F).

Saturday:
Cloudy start, the spells of rain continuing through the morning before a band of persistent and sometimes heavy rain arrives early afternoon. Coastal gales possible early on, then remaining blustery. Maximum temperature 13 deg C (55 deg F).

Outlook for Sunday to Tuesday:
Sunny spells and showers, locally heavy and thundery, on Sunday and Monday. Potential for more persistent rain Tuesday. Remaining windy on Sunday before easing into Monday and Tuesday.
